# CHB CHATTER

featuring... **CARLY LITTLE**

I'm not a Wyoming native, but I'm close! I grew up just outside of Denver, CO. I was pre-vet at Colorado State University where I had every intention of becoming a veterinarian, specializing in reproduction. I graduated Colorado State University with a Bachelor's of Science in Equine Science and a minor in Agricultural and Resource Economics from the College of Business.

While trying to get into vet school, I landed a job as a foaling manager in La Grange, WY and there I met my husband. Let me tell you, falling in love with a Cowboy is an adventure in itself! We have lived everywhere from the Sandhills of Nebraska to the deserts of Nevada and had two wonderful boys along the way. They quickly showed us we needed to plant some roots deeper than topsoil. Luckily, we landed in good ol' Wheatland, WY and realized this is where we wanted to raise our sons.

I am blessed to get the opportunity to work for CHB and have realized that this is exactly where I want to be. Having worked at a few other financial institutions, I can honestly say that being an Equipment Lender at CHB is the perfect fit. I love the day-to-day challenges, along with the people I get to work with. Knowing that CHB is such a family-oriented company is the icing on the cake.

My family is my passion and I love spending time with them. I have 3 boys, two little ones and one big one. They do a great job of keeping my time filled and our home full of laughter. It's not unusual to go home after work and find my 3-year-old has brought his goat in my house, there are newborn calves in my bathroom, and the horses are in my yard, eating my flowers. There is never a dull moment in my life and it always keeps a smile on my face.

Although I have not been at CHB very long, I am excited for what the future holds. I am confident that with hard work and the team here at CHB, the opportunities in this industry and for our clients is endless.
